

Rules for Tournaments

Deck Tennis

General Rules as in Lawn Tennis. Service must pitch within the limits of the service courts.

A Twisting Service is counted as a fault

To receive, the striker must stand behind the half-way line until the Quoit has left the server's hand

Net Quoits in play are good except when they fall within the neutral court, when serving they are treated as a let

A Quoit hitting the deck-head or awning spar, or which goes over the awning spar is a foul

The initial movement of the Quoit must be in an upward direction

The Quoit when caught must be returned immediately and not held

Game—One short set. Finals—Best of three short sets

Deck Quoits

Serving or playing line; Gentlemen must stand in or behind the centre and within the larger circle. Ladies play from "dead line"

The "dead line" is drawn about 3ft 6ins from the centre of the inner circle and within the line of play

All Quoits must be pitched over the "dead line"

The Quoit or Quoits of one player that are lying nearer to the centre of the ring than any of his opponents, score only

Any of the scoring player's Quoits that are entirely inside the inner ring score two points and any entirely inside the outer ring score one point

One Game—21 points. Final—Best of three games

Bucket Quoits

Toss for ends. Ladies stand on line in front of Bucket, Gentlemen stand behind Bucket

Opponents pitch six Quoits alternately until each has pitched thirty times

The winner is the player who pitches the greater number in the Bucket. One game only. Finals—Best of three

Table Tennis

General rules laid down by T.T.A. Change service every five points. Change ends when first player reaches score of eleven. Game 21 up. One game only
Final—Best of three

Contract Bridge

Play three rubbers. The side with the higher aggregate score at the end of three rubbers wins the match

Umpires if required should be appointed as mutually agreed between Competitors
