

ABOUT US

The railway first opened in September 2010, since then volunteers have been working to extend the line and from summer it will offer a return trip of 1 1/2 miles between 3 stations.

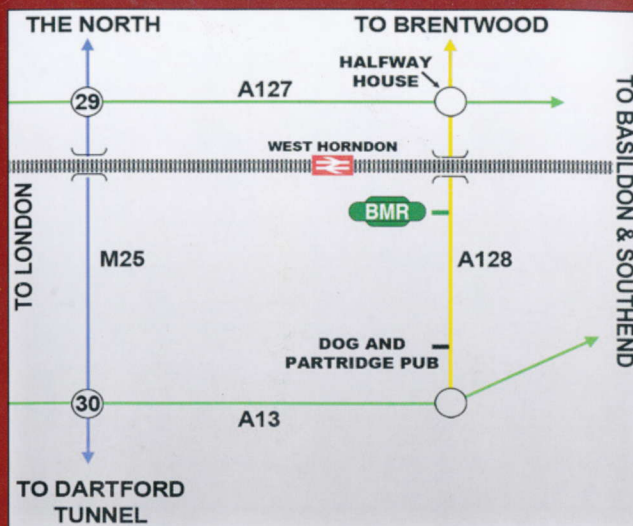

Work progressing on the extension to the Sitooterie

Burton Shaw is currently under construction and by summer will house refreshment and toilet facilities. After leaving Burton Shaw the train passes the engine sheds on the right and then travels through the woods and over the river Mardyke before entering Belvedere Station. New for 2014 is our latest extension to the third station called the Sitooterie, this is located next to a sculpture of the same name which rests on the edge of a lake. The railway runs steam, diesel and electric locos.

There are also plans to extend the railway by a further mile and this will include 2 new stations, we also have a large signalling project to carry out. A growing group of volunteers are already involved but we still need more people to join us, please see the volunteer page for more details.

HOW TO FIND US

The BMR is located at Barnards Farm which is on the A128. We are 10 minutes from junction 29 or 30 on the M25, 1 mile south of the A127

Happy Birthday

Looking for a change to the usual birthday parties that everyone else has? We have the answer! We are pleased to now offer private hire of the Barnards Farm Miniature Railway and gardens to hold birthday parties.

A great treat for the birthday boy or girl and their friends, this will be an unforgettable experience that everyone will love! (Including the parents more than the children in some cases)

Jack enjoying his birthday party at the BMR

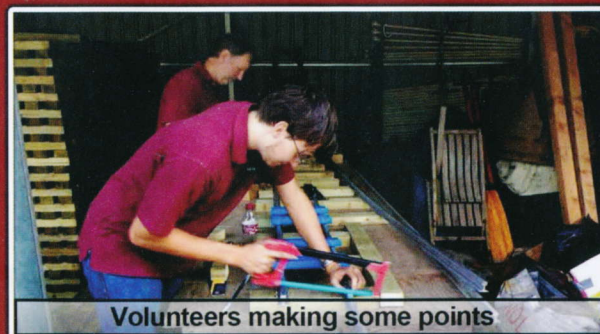

Parties can be held at any time of the year but need to be pre booked as we are only able to offer a few selected dates and these can go quite quickly, especially in the summer.

For full details of what's included and costs please see our website www.barnardsminiaturerailway.eu and click on the birthday parties tab

VOLUNTEERING

The railway couldn't run without volunteers. This includes the driver, guard, signalman, station staff, rolling stock, track and signalling engineers. In fact everyone you see is a volunteer and a member of Barnards Miniature Railway. Why not join our friendly team?

During 2014 we will be busy extending the line again and will need help with track laying, signalling and the building of 2 new stations. People with railway experience are more than welcome, although don't worry if you don't know much about railways as we have plenty of other jobs that we need help with and we will provide full training to help you learn about our railway.

Volunteers making some points

To become a volunteer at the railway you will need to be a member which costs £20 a year and includes a BMR t-shirt to be worn on running days.

If you'd like to know more then have a chat with one of us or if you're ready to join then please fill in the membership form on the right.
