

CHAPTER IV

Dear Travel Partner,

Norwegian Cruise Line continues to innovate with each chapter's reveal of Norwegian Epic and this chapter is no different. Chapter IV starts off with a splash, as we reveal our very first Aqua Park with the largest bowl tube slide at sea - the Epic Plunge. In addition, we're taking family fun to new heights on Norwegian Epic with a 33-foot extreme rock climbing wall and the first ever rappelling wall at sea; six bowling lanes in two venues; an all-new Sports Complex and an expanded kids' program with more age-appropriate activities than ever before.

Norwegian Epic will also offer an exceptional Freestyle dining experience with more choices than ever. From a supper club to a sushi bar and more, Norwegian Epic will offer an incredible array of restaurants, bars and lounges. In fact, your clients can choose from 14 exciting restaurants, 18 bars and lounges and many unique venues that offer even more of what they've come to expect from a Freestyle cruise vacation.

The next chapter may be near, but the story will continue. Be sure to visit epic.ncl.com for more information. We look forward to welcoming your clients on board Norwegian Epic in the summer of 2010.

Sincerely,

KEVIN SHEEHAN
CEO
NORWEGIAN CRUISE LINE

Chapter IV presents exciting daily activities for all ages and dining venues unlike anything else at sea. We started by reinventing play, or at least the way the industry thinks about it, with our Aqua Park, expanded kids' programs and a Sports Complex that offers a variety of games and exciting options. And when it comes to Freestyle dining on Norwegian Epic, we've taken your clients' options to the next level by offering a wide range of restaurant choices. Even the most discerning cruiser will be wowed by the unique design features and sensational culinary delights from around the world.

It's the next generation of Freestyle Cruising® and it's only available on Norwegian Epic.

**WAY MORE FUN THAN A WALK
IN THE PARK.**

Suit up and splash down in NCL's first ever Aqua Park. Guests can choose from three multi-story water slides of varying thrill factors. The first one is designed for the not-so-adventurous and zips straight through the climbing wall. The second slide is for the slightly more adventurous, because it twists and turns down three stories. Then there's the Epic Plunge, the only tube slide at sea that puts the blast of inner-tubing into the core of a bowl slide, with a thrilling drop through a 200-foot long tube. The Aqua Park also includes two main pools with arching water effects that illuminate at night, five hot tubs, a wading pool and a kid's pool that features whimsical sculptures, water sprays and a kiddy slide. Finally, when guests are looking to dry off, there's plenty of room to soak up some rays on one of our expansive sun decks.

WE'VE TAKEN OUR SPORTS COMPLEX TO THE NEXT LEVEL. LITERALLY.

The Sports Complex will have not one, but three decks to play on. The fun will never end as guests play a game of pickup on a full-sized basketball court or relive those school days playing dodge ball. Part rock and part vertical building, our new climbing wall is accessible on two levels with varying degrees of difficulty, rated according to official U.S. climbing grades. At 33-feet high and 64-feet wide, the extreme climbing wall includes a water slide tube weaving right through the middle and the first-ever rappelling wall at sea. To complete the scene, our staff will have daily activities lined up for every age group.

DINNER AND STYLE ARE NOT MUTUALLY EXCLUSIVE.

The restaurants on Norwegian Epic will have architectural structures and themes that have never before been seen at sea. With 14 restaurants there will be more dining choices than any other ship in the industry. We've expanded menus and spaces of our signature restaurants, which feature artistic Japanese chefs, family-style fare and even dining next to the ship's second bowling alley. Guests will be served meals to rave about in an assortment of one-of-a-kind venues.

THE MANHATTAN ROOM

Your clients will feel like they're in a private New York City supper club, thanks to panoramic ocean views from two-story floor-to-ceiling windows. Over 600 guests will enjoy an eclectic menu that is sure to impress any critic. By day, guests can enjoy breakfast and lunch in a casual atmosphere. At night, an expansive dance floor and stylish Art Deco fixtures complement the ballroom styled ambiance.

TEPPANYAKI

Steam, chop, sizzle – all right in front of your eyes in one of our most popular restaurants. Twelve oversized Hibachi grills seat up to 115 guests in an atmosphere punctuated with contemporary Asian décor. Expert chefs grill up authentic Japanese dishes, all while captivating guests with their knife acrobatics and culinary performances.

WASABI

The sushi bar on Norwegian Epic will have an amazing view of the main atrium. Designed like a yakitori kitchen and seating 20 guests at a time, our contemporary sushi bar is tastefully decorated with authentic calligraphy-lined walls and digital aquarium visuals displayed on an in-wall plasma screen. Your clients will marvel as the chefs create traditional Japanese culinary delights right before their very eyes. Guests will say, “itadakimasu” or “let’s eat,” and don’t forget to tell them to enjoy a drink at the sake bar.

CAGNEY'S STEAKHOUSE AND CHURRASCARIA

We've taken our ever-popular traditional steakhouse and fused it with a trendy, energetic, Argentinean-inspired Churrascaria that overlooks The Manhattan Room. Taking center stage is a mouth-watering, irresistibly fresh salad bar and the finest cuts of meat grilled or skewered to order. With enough room for 276 guests, Cagney's will continue to be a crowd pleaser.

LA CUCINA

NCL's first piazza-style dining. Gather the family in our colorful Tuscan-like courtyard and pass the pasta, al dente of course. With room for 182 guests, traditional Italian meals are served with a modern twist either individually or family-style for sharing. From the first scent of baking dough to the last bite of tiramisu, there's only one thing your clients will say... "mangia".

TASTE

We have transformed the Atrium into what is destined to be one of our signature dining establishments serving breakfast, lunch and dinner for 540 guests. This high-energy atmosphere is perfect for the contemporary international cuisine. Its European retro-chic design with organic pillars is highlighted by modern lighting. The architectural curves are contrasted by brick accents, floor-to-ceiling velvet curtains and colorful stained glass to create a truly sensational dining experience.

THE EPIC CLUB AND COURTYARD GRILL

Elegant and exclusive private dining for guests staying in The Villas. The Epic Club seats 127 guests who will enjoy the haute design highlighted with pearl drapes, glass sculptures, leather seating and silk chandeliers. Located within The Villas, it's the perfect place for privacy with savory cuisine and wine selections from our impressive collection. During the day, guests can relax outdoors and enjoy the private, casual atmosphere of The Courtyard Grill, located right outside The Epic Club.

There will be several other dining choices for guests to enjoy on Norwegian Epic. They can experience incredible Chinese cuisine at Shanghai's, the best French restaurant afloat at Le Bistro and get their favorite action station items at Café Jardin. If they feel like a quick bite, the Great Outdoors is serving up grilled favorites. Plus, guests can enjoy 24-hour dining with the relaxed atmosphere of a local eatery at O'Sheehan's Neighborhood Bar & Grill, which includes one of our three-lane bowling alleys, or dine in the privacy of their staterooms with room service.

Reinventing the traditional cruise vacation is what NCL is all about. We're giving guests the most options at sea with amazing activities and more restaurant choices. With these major strides in family activities and dining, Norwegian Epic will have it all. The next exciting chapter reveal for Norwegian Epic is coming soon.
